“You’ll feel every tackle,” said Brand Director Colin Donaghy. “Every player’s movement is now hyper-accurate and smoother than ever. It’s all about maximizing all of the talent and passion that goes into being a pro football player. We’ve tried to create a football game where you no longer have to worry about getting clipped. For example, players will take a dive, risk a card or get an injury. But it makes for a more compelling experience.” Following extensive play testing and polling with fans during the development process, FIFA 22 offers an unprecedented array of authentic motion-capture-based features to improve gameplay. These include "break animation frames" for cutscenes; facial animation for mouths; and player and ball movement with advanced player controls such as juke moves and sprint. What's new:

- **Your Player Model - See the unmistakable beauty and detail of every player's body as they break through a breakaway.**
- **Skill Shots - Pull off bending, swerving, diving and curling shots the way you shot them in real life. Master the art of free-kicks in breath-taking precision. Authentic player reactions, where your opponent goes from disbelief to fear, are just a few of the new unique moves and flourishes you'll find in Skill Shots.**

-
- **Lines, Balls and Tempo** - Take control of the game like never before, by using all new controls including **Attacking Interception**, which allows you to take a touch with one foot from outside of the penalty area.
 - **Global and Local tactics** - Force an opponent to sprint straight into a tackle if you deny them the ball, and press their buttons to order them to dribble past your more vulnerable team-mates.
 - **Match Physics** - Every point of contact matters, so close dribbling also counts as fouls. **Dynamic Player Contact Physics**, ready to absorb the shock of your toughest challenges, matters more than ever for player collisions.
 - **Deadlines** - Face pressure like never before as goalkeepers take the shot on the second half of the clock to save you.
 - **Saves** - Score more by successfully blocking the point blank shot of your opponents.
 - **Impact** - Neatly dispatched headers aren't the only way to score in the latest FIFA. To add veracity to your shots, also hit the back of the net with **Impact** shots, which harder to defend and score more goals.

 - **New controller** - A new controller with a dedicated left trigger for the new **Quick Kick** modifier and pass slide is included in the physical game disc.
 - **New quick goal opportunities**

FIFA is the most popular sport gaming franchise of all time. FIFA's success is backed by hundreds of millions of passionate gamers around the world. With FIFA, fans can play like champions. Soccer matches come alive on the pitch through authentic gameplay, detailed players and the ability to play any kind of game. FIFA is available on PC, Xbox 360, PS3, PS4, Wii U, iOS, Android, and soon, Nintendo Switch™. FIFA 19 FIFA 19 is a football-inspired action game set in the English Premier League. The year is 2019. A new group of young stars enter the game. A new coach, new stadiums, new play styles, new rules, new ways to take on the competition, and new ways to play soccer. EA SPORTS FIFA 19 introduces a host of brand-new features, including first-of-its kind Ultimate Team mode, which lets you create your own ultimate team featuring real, game-changing players. The game also features a new Defensive AI System that gives goalkeepers more options to save goals and free up defenders, allowing them to focus on making attacking runs into the final third of the pitch. Expanding on the new ball physics, FIFA 19 delivers a new level of player control. It's the most authentic football experience on PlayStation 4™ and Xbox One™. A brand-new game engine and deep player intelligence ensure true-to-life interactions with the ball. New visual and audio effects give players a more realistic and exciting look and sound. As a league ambassador, I was given the opportunity to spend a day

with the master at work, Gary Lewin, FIFA 20 Lead Game Designer, at EA Canada's studio in Vancouver, BC, Canada, where we got to check out the new offensive and defensive systems of the game. From the sounds of things, it seems this year we'll be getting a true three-dimensional view of the pitch, and a more dynamic defensive AI. "It's a game about a great game played between great people," says Lewin. Check out the video of what I saw below. The Ultimate Team FIFA Ultimate Team™, the new way to play Ultimate Team, opens up an entirely new opportunity to collect and customize teams. Create a team of real players with your favorite stars, managers, stadiums and colors. Customize kits, create
